## WORK EXPERIENCE (INTERNSHIPS)

**Accounting and operations**

*Scholistic (*A book publishing company*)*

- Managed and accurately recorded all financial transactions using their system.
- Gained valuable insights and practical experience in financial operations.
- Benefited from my first professional exposure, making it a rewarding and enjoyable opportunity.

**Operations**

*M/S Kamdhenu* (A FMCG product distributing agency)

- Created POS bills and GST invoices using Tally ERP Prime software.
- Verified the accuracy of items loaded into the delivery vehicle after printing invoices.
- Coordinated corrections when discrepancies were identified.

**E – commerce & brand management**

*Flying Shark* (Online Clothing Brand)

- Managed end-to-end **e-commerce operations**, including order processing, order tracking, and ensuring timely dispatch through coordination with warehouse and delivery partners.
- Communicated effectively with cross-functional teams to align daily operations, resolve issues, and maintain smooth workflow.

## ACADEMIC PROJECTS

**Real world case studies on successful Capital budgeting** – Financial Management

I conducted an in-depth analysis of real-world case studies on successful capital budgeting as part of an academic project. This involved examining how leading companies make strategic investment decisions, applying financial tools such as NPV, IRR, and payback period assessments. The project highlighted key factors contributing to successful capital allocation, including risk evaluation, cash flow forecasting, and alignment with organizational objectives.

**JSW Steel –** Successful FM Implementation Insights

I observed that JSW Steel mastered FM through smart capital allocation, capacity expansion, and strong cost leadership built on backward integration. I noticed how they strengthened financial stability with disciplined working-capital control, cash-flow planning, and effective hedging against raw-material volatility. I also saw them use data-driven forecasting and product-mix optimization to boost profitability.
